Hathaways to Observe Silver Anniversary

Mr. and Mrs. Elden Hathaway

Arrangements are being made by the family and friends of Mr. and Mrs. Elden R. Hathaway for an open house in observance of their twenty-fifth wedding anniversary to be held at their home on Rumford Avenue in Bryant Pond on Saturday, March 23, from two to four in the afternoon and seven to nine in the evening. Friends and neighbors are invited to call.

Mr. and Mrs. Hathaway (the former Barbara Bennett) were married in Locke Mills March 19, 1938, by Rev. Wallace. They have made their home in Bryant Pond since they were married and both Mr. and Mrs. Hathaway are active in civic affairs.

Mr. Hathaway is a veteran of World War II and is a member of Jackson-Silver Post, American Legion. He served as a selectman of the Town of Woodstock for three years and is a Past Patron of Jefferson Chap-

ter, OES, Past Chancellor Commander of Fraternal Lodge, No. 118, K. of P., and is a Past Deputy Grand Chancellor of Knights of Pythias. He is also a member of Jefferson Lodge, F&AM.

Mrs. Hathaway is a Past Matron of Jefferson Chapter, OES, and Past Chief of Evergreen Temple, Pythian Sisters.

Mr. Hathaway has been employed by the Canadian National Railways in the maintenance of way department since 1936, and since 1951 Mr. and Mrs. Hathaway have owned and managed the Bryant Pond Telephone Company.

They have three children: a son, Michael, Boston, married to the former Leslie Davis of Bethel, who is a third year student at the Boston Conservatory of Music; a daughter, Susan, who is a freshman at Gorham State Teachers College; and a daughter, Linda, who is at home.

COMMENTS FROM THE TOWN MANAGER'S OFFICE

At the March 20th meeting, the selectmen will decide which roads will be posted. This is done to keep the heavy trucking off from the roads when the frost is leaving the ground and the roads are soft. The next couple of months are very hard on roads but there is not much that can be done until the frost is out and the ground dries out. A little gravel helps the potholes but drier weather is needed for patching. Judging by the size of the snowbanks in and out of town it will be quite a while before things dry out. This is a case where nearly everyone wants to see the snow going, but slowly enough so we won't have high water and floods.

The application to the State Highway Commission to have Cross Street designated as a State Aid Road has been declined. A State Aid designation would have allowed for the rebuilding of the street with half town money and half state money.

The List of Polls and Estates forms have been returned by quite a few people. It seems that including the form in the town report will work all right. These forms should be returned so that the assessors will know what property is owned by an individual.

I am sorry that all of the people appointed to positions for the ensuing year have not been contacted so I will get the list in next week's paper.

MT. ABRAM SKI DIRECTOR GAINS CERTIFICATION

Jerry Smith of Bethel, a talented and capable skier, capped a goal last week at the Wildcat Ski Area in New Hampshire when he secured certification as a professional ski instructor.

While at Gould Academy Jerry's skiing ability was in evidence as he participated on the ski team as a four event man. During his senior year he was a member of the Junior National Ski Team that went to Reno, Nevada, and Squaw Valley.

After the management at Mt. Abram Ski Slopes in Locke Mills secured his services as their ski instructor in November young Smith attended the Paul Valer Ski Instructors School at Franconia, N. H., to learn the latest techniques of instructing and also to refresh himself before the skiing season.

Monday Night Fire Takes Paul Wight Home

Fire discovered about 10 o'clock Monday night gutted the home of Paul Wight at North Newry. The fire was discovered on the second floor by their son, Philip. Mr. Wight and the six children escaped safely with little more than the clothes they were wearing. Mrs. Wight arrived home from an Eastern Star meeting at Bethel soon after the fire broke out. The Bethel fire department was able to confine the blaze to the building although the interior was badly damaged. Little was saved. There was partial insurance.

The house was covered with aluminum siding and steel roofing, which helped to confine the fire.

The family is staying at the home of Mr. Wight's parents, Mr. and Mrs. Fred Wight, nearby. Mr. Wight's brother, F. Owen Wight, and family lost their home by fire in August, and had stayed with his parents until last month when their new home was completed.

SABIN ORAL POLIO CLINIC

A Sabin Oral Polio Clinic will be held Sunday, March 31, from 1 to 5 p. m., at the Bethel Congregational Church for you and your family to get type I Sabin Oral Polio Vaccine. It's painless and tasteless. . . . no injection. . . . you just swallow.

Those having children's permission slips — please bring. For transportation call Bethel 824-2282, Locke Mills 875-2343, Bryant Pond 43.

Heed your doctor's advice and take these three steps to wipe out polio once and for all.

Type III Clinic will be held April 28 and the final Type II will be given May 26.

The Medical Society has pointed out the necessity of getting oral vaccine even though a full series of shots have been administered. The oral vaccine gives further protection and breaks the chain of transmission of polio germs. Salk vaccine gives individual protection but does not prevent the germs being carried from one person to another.

The Sabin vaccine is taken by mouth on a cube of sugar. For those not wishing sugar, distilled water will be available.

The vaccine is 25c donation for those able to pay and will be given free for those unable to pay.

Everyone, except infants under three months of age and those acutely ill, should have the oral vaccine.

Again, even though you have had the shots, it is wise to take the oral vaccine, thus increasing your own protection and that of others. It is expected the immunization will be long-lasting and presumable life-long.

All studies demonstrate the absolute safety of the oral vaccine.

The clinics are being sponsored by the Bethel Health Council, Oxford County Chapter, March of Dimes, and the Locke Mills Legion Post. The Bethel Jaycees are furnishing transportation in their area.

Miss Nancy Cole, freshman at the University of Maine, Orono, spent last week end at the home of her parents, Mr. and Mrs. Howard W. Cole.

The ticket committee for the Cooking School will be Mrs. John Richard, Mrs. Thomas Learned and Mrs. Maurice

Richard. Other plans will be made at the April meeting.

A nominating committee, consisting of Mrs. Armand Michaud and Mrs. Robert B. Swain from the membership and Prin. Dean McCrillis representing the Executive committee, will meet before the April meeting and nominate a slate of officers for 1963-1964 to be voted on April 3.

Voted to give the sum of \$25 to each elementary teacher to use for materials for their library corner. This could be books, records, film strips or other educational material. Clifford Scott, who is only the 8th grade home room teacher, turned his money over to Miss Jolene Reed who will buy for both the 7th and 8th grades. Other teachers receiving the money will be Mrs. Roberta Learned, Mrs. Marie Lang, Mrs. Louise Mills, Mrs. Elsie Dresser, and Prin. Florence Hall. Each teacher will give an itemized account of the money spent at the May meeting of the PTA. At the February meeting the high school was given

\$150 for athletic equipment and for the music program.

The refreshment committee for April 3 will be Mrs. Archer Poor, Jr., Mrs. Armand Michaud and Mrs. Adelard Cayer. The meeting will be at the Elm Street building.

Clifford Scott, chairman of the Program Committee, led a discussion on education. This will continue at the April 3 meeting at the Elm Street School.

Larson Hiltz, a senior at A. H. S., Leon Littlehale, a junior, and their class advisor, Clifford Scott, were in Canton on March 8 to participate in the annual Science Fair for the OCSL. Both students won second prizes. Hiltz in the Physics and Littlehale in the Chemistry divisions.

A group of 25 met at the Coach House on March 11 to listen to four guest speakers talk on "What Andover has to offer the public." Guests were Francis Montville and Stephen Hyatt, U. of M.; Mrs. Louise Huff and Richard Parsons of

South Paris, agents for the Extension. Mr. and Mrs. Fernand Favreau entertained the speakers at their home after the meeting.

The Community Club met with Mrs. William Crooker Sr. on March 12 with 9 members and one guest present. The quilt was won by Christene Ladd and netted \$30.20. Plans were made for a Game Night at the East Andover Schoolhouse. A committee was appointed to make, fill and deliver the Easter baskets for the "over 70" in the community. Mrs. Sidney Jones gave a report on the Sunday School and was presented a sum of money from a community resident. She was also given the annual gift of \$25.00 from the club. Mrs. Crooker won the door prize. Next meeting April 16 at Mrs. George Barlow's.

GOULD ACADEMY

Student Council Meeting
As president of the Western Maine Regional Student Councils, Walter Grover will preside at a meeting in South Paris on Saturday, March 23.

much thought we hope each parent and each member of our community will not consider it a duty or an unpleasant task when asked to participate in these activities but will feel that it is an investment in the religious education of our young people. We would welcome suggestions from anyone and it would give us great pleasure to have parents who find it impossible to join us on Sunday morning offer their help and not wait to be asked. Everyone's cooperation is needed in this project and every penny earned counts.

Miles City, Mont., Daily Star: "As long as people live, there will undoubtedly be those who will shrink from accepting freedom as their own responsibility. They will want their government to provide their security, guarantee them minimum wages, guarantee them full employment, guarantee them good prices for their products, guarantee them good housing, guarantee the solvency of their loans, guarantee them medical care, and many other things. Such people are thereby choosing slavery rather than freedom...."

COUNTRY FLAVOR SPRING TONICS

It is likely that on a warm, blue-sky third month day a man will suddenly develop many easily-recognized symptoms. The mail order catalogs half a century ago asked direct questions about the situation. Do you feel listless and tired? Do you sleep fitfully? Are you restless and uneasy? Are you easily tired and is your appetite off?

If so, chances are good that you need a spring tonic. One's women folks were not always in favor of Wine of Life, Blackberry Balsam, Peruvian Wine of Cocoa, Beef-Iron Wine, Lung Restorer, Nerve and Brain Tonic, Orange Stomach Bitters and Brown's Vegetable Cure. Grandmothers insisted on sulphur and molasses, and many housewives had their own secret, cherished formula for home made bitters. A man could argue that maple sap would keep him going until time for fresh rhubarb; but his arguments did not prevail. However, along

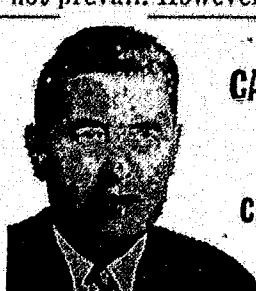

with the treacle and brimstone, as Dickens labelled sulphur and molasses, a man knew he needed a few bottles of the Wine of Life.

An understanding depot agent held the box until it was safe for a man to take it. It was reassuring to know that under the culch and debris beneath the bench in the farm work shop, there was medicine available.

When a man came into the shop from maple sugaring, or from barn chores, and he felt a bit tired and listless, it was pleasant to fill a glass part full and sip it slowly. The catalog was right. It said, "A few bottles of the Wine of Life will restore energy, improve the disposition, and overcome winter's humours." At the end of a long, cold winter the warm of the Wine of Life was a pleasant spring uplift.

CAPITOL COMMENTS

CONGRESSMAN
CLIFFORD G. MCINTIRE
MAINE, SECOND DISTRICT

A new proposal for meeting the rising unemployment rate of the Nation's youth is now before committees of both the Senate and the House. Known as the Youth Employment Act of 1963, the bill has been likened by some to the old Civilian Conservation Corps (CCC) of the 1933-42 period.

In order to evaluate properly the precise nature of the Youth Conservation Corps, one should compare it with the old CCC program.

The CCC was created by Executive Order in March, 1933, being designated to afford emergency work relief for men between the ages of 17 and 25 at a time when there were 12 to 15 million victims of the depression, and the resources of the state and local governments were on the brink of exhaustion. Unemployment was then at the dizzy height of 24.9%.

The present proposal, however, supply jobs to youths

of 16 to 21 years of age at a time when unemployment stands at the considerably lower figure of 5.8% and the nation finds itself in a comparative state of prosperity.

The CCC was administered and supervised by the War Department, with its Director being assisted by an Advisory Council composed of representatives from each of the four participating agencies—the Department of Agriculture, the Veterans Administration, the Department of the Interior, and the U. S. Office of Education. Because the Army supervised the program, discipline was the theme of its operation.

The YCC would, on the other hand, be placed under the Department of Labor, which would have the cooperation of the Departments of Agriculture, Interior, and Health, Education and Welfare. A director, appointed by the President,

20 SECONDS with the NAZARENE

Because Christ, our High Priest, was tempted as we are, and yet did not sin, we are invited to "come boldly unto the throne of grace that we may obtain mercy and find grace to help in time of need. This is our guarantee that we will find a welcome always at the place of prayer.
(Quotation from Hebrews 4:6)

LETTERS TO THE EDITOR...

New York City
March 16, 1963
Dear Editor of the Bethel Citizen,

Our link with Bethel continues to be through your esteemed newspaper. Sometimes it amazes us to be confronted by the realization that we look forward so eagerly every week to its receipt. We do hear on occasion from some of our friends in Bethel. However, the Citizen continues to be our principal source of information on the local level. For example we learned with satisfaction and pride that Norma Kimball, the daughter of our good neighbors in Albany, had been crowned Academy Winter Carnival Queen. The Ralph Kimballs had done a meritorious job with their teen-age daughters. They are all an asset to the community. However, let me hasten to add that we have

met others who have impressed us greatly by their demeanor, conduct and accomplishments. These accomplishments are recorded in your columns from time to time and we have come to the conclusion that the Bethel teen-ager ranks well above par in that species of the human category. It is probably a combination of adequate parental guidance, good schooling and concerted community effort that helps achieve the enviable result.

Sincerely yours,
Mark E. Cymrot

would be directly responsible to the Secretary of Labor.

The social, as well as the economic conditions, were vastly different in 1933 from today. A great number of the educated, experienced, and willing workers found themselves among the unemployed. Today, the majority of the unemployed are the unskilled.

Strides made by automation and technology in the last two decades raise a serious question as to whether the YCC would really serve the needs of today's youth. Conservation, though still of vital importance, now calls for increasing technical skills. Such jobs as could be filled by the unskilled would hardly seem to prepare a youth for his eventual return to the

predominantly urban society.

We might, then, raise these questions with respect to the Youth Conservation Corps:

1. Should our Federal Government assume a responsibility of employment for our youth, performing much as it does in the area of education?

2. Might not a YCC program serve as an undesirable inducement for school departure?

3. Would not a program that trains our youth to take its place in a technological society be superior to one that treats only the symptoms of unskilled young Americans?

These questions will be resolved in the weeks ahead, as Congress moves forward to consider the Youth Employment Act of 1963.
